

## Marin Science Seminar

The Marin Science Seminar at Terra Linda High School is a series of interactive **science lectures** held during the school year and consisting of **hour-long programs in all areas of science, engineering and mathematics**. Specialists speak to high school students on a topic and there is a Q&A period afterwards. Visit [www.marinsscienceseminar.com](http://www.marinsscienceseminar.com) to sign up for email alerts and to learn more. **Interested in the MSS Blog?** Email [marinsscienceseminar@gmail.com](mailto:marinsscienceseminar@gmail.com) to contribute to the MSS Blog. You can do so anonymously or under a pseudonym.

Dates: Six Wednesdays per semester, 7:30 – 8:30 pm

Location: TLHS Physiology Lab 207, unless otherwise indicated.
