

What do scientists really do? The Marin Science Seminar brings working scientists: engineers, physicians, computer programmers, medical professionals, and research scientists, to speak to local teens. Visit www.marinscienceseminar.com to learn more.

Dates: Six Wednesdays per semester, 7:30 – 8:30 pm

Location: Terra Linda High School, 320 Nova Albion, San Rafael; Physiology Lab 207.

Spring 2016 Series

Fresh Air February

February 10: "Sitting by a Cozy Fire – Wood burning, Air Quality & Your Health" with Eric Stevenson of the Bay Area Air Quality Management District

February 24: "What's Getting into Your Lungs? The Effects of Smoke, Ozone, Allergens & More" with Mehrdad Arjomandi of UCSF and the VAMC SF

March 9: "Ocean Acidification and Exoskeletons" with Diara Spain of Dominican University

March 16: "Biology in Space: Understanding How Luke Skywalker, Mark Watney, and Captain Jean Luc-Picard Survive" with Sarah D. Mitchell of NASA-Ames

March 30: "California Groundwater: The Impacts of a Shrinking Supply" with Greg Kamman of Kamman Hydrology

April 20: "The Coming Dementia Epidemic: Is Alzheimer's Preventable?" with Deborah Barnes of UCSF
