

What do scientists really do? The Marin Science Seminar brings working scientists: engineers, physicians, computer programmers, medical professionals, and research scientists, to speak to local teens. Visit www.marinscienceseminar.com to learn more.

Dates: Six Wednesdays per semester, 7:30 – 8:30 pm

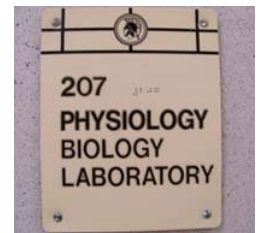

Location: Terra Linda High School, 320 Nova Albion, San Rafael; Physiology Lab 207.

Spring 2020 Series

January 29: "**Geoengineering and Terraforming: the manipulation of climate on Earth and other planets**" with Warren Wiscombe of NASA-Goddard Space Flight Center

February 5: "**Engineering Rivers and Wetlands for Climate Resiliency**" with Rachel Kamman of Kamman Hydrology & Engineering

February 26: "**Biologics and Me: A Career in the Biotech Industry**" with Terry Hermiston Ph.D. of GLAdiator Biosciences

March 4: "**CSI Humpbacks: Decoding Whale Scars**" with Allison Payne of San Francisco State's Estuary and Ocean Science Center

March 11: "**Transportation Research Panel**" with students from the Marin School of Environmental Leadership at Terra Linda High School

April 1: "**Do you Know How to Fix a Broken Heart?** Medical Education Simulation Workshop" with Rich Fidler PhD and the VAMC SF Medical Simulation Team
