

Marin Science Seminar Presents

Death-defying Robots in Medical Education

with Richard Fidler PhD MSN & Abi Fitzgerald MSN
of UCSF and the San Francisco Veterans Affairs Medical Center

**A one-hour multimedia presentation for Marin
High School Students and Teens in Marin**

Wednesday, May 14th, 2014

7:30 – 8:30 pm

Terra Linda High School, Room 207
320 Albion Way, San Rafael, CA 94903

Welcome to the world of medical simulation! Medical practitioners at the VAMC San Francisco learn how to perform a variety of procedures, from CPR to cardiac surgery, using life-like robotic simulations. Rich Fidler and Abi Fitzgerald will tell us about their work at the Simulation Center and will bring several robots to show and share.

Rich Fidler is Director of Healthcare Simulation Programs at the San Francisco VA Medical Center and works clinically as a Certified Registered Nurse Anesthetist. Abi Fitzgerald recently completed her MSN at San Francisco State University with a focus in adult acute care. She is currently completing a fellowship in advanced clinical simulation at the SFVA.

Join Us and Learn! 😊
